

VICTORIA CHIN

McLean, VA | 804.999.7488 | chinvictoria96@gmail.com

A junior with US citizenship at Virginia Tech working towards a bachelor's degree in both computer and electrical engineering seeking a summer internship related with real-time systems.

EDUCATION

Bachelor of Science in Computer Engineering and Electrical Engineering

Double Major in Chip-Scale Integration and Wireless Communications and Signal Processing,

Minor in Computer Science

Virginia Tech

Aug 2023 – May 2026

GPA (3.7) | Honors College | Dean's List (Fall 2023, Spring 2024)

Bachelor of Science in Electrical Engineering

George Mason University

Aug 2022 – May 2023

GPA (3.94) | Dean's List (Fall 2022, Spring 2023)

SKILLS

- C, C++, MATLAB, Verilog, LaTeX, R, Python
- Mathematical Background
- Microsoft Office
- Organizational Skills
- Detail-Oriented
- Relevant Coursework: Computational Engineering, Data Structures and Algorithms, Embedded Systems, Principles of Computer Architecture, Digital Design I, Signals and Systems, Continuous and Discrete System Theory

PROFESSIONAL EXPERIENCE

Undergraduate Learning Assistant [ECE 2544 Embedded Systems]

Virginia Tech | Blacksburg, VA

Aug 2024 – Present

Developed and implemented comprehensive project assignments to enhance students' understanding of project development, finite state machines, UART, and GPIOs, by writing detailed specification documents and C code solutions; assisted professor with course logistics; supported student success by hosting weekly office hours

Undergraduate Learning Assistant [ECE 2514 Computational Engineering]

Virginia Tech | Blacksburg, VA

Jan 2024 – May 2024

Mentored students by guiding them through systematic problem-solving approaches and resolving software issues to support their academic success during weekly office hours; supported the course instructor by providing detailed feedback on assignments and exams

VOLUNTEER EXPERIENCE

Member of Vent & Cutdown System

Nationwide Eclipse Ballooning Project

September 2023 – Present

Embedded program onto microcontroller and servo for a weather balloon; coded a geofence program in Arduino for its autonomous vent and cutdown system to ensure the balloon stays within a certain area

ORGANIZATIONS

Events Chair & Social Chair

Women in Electrical and Computer Engineering | Blacksburg, VA

Event Chair (Jan 2024 – Present)

Social Chair (Jan 2024 – May 2024)

Worked on official charter documents to form the organization as a founding member; provided logistics, recorded statistics at events, and organized documents with Microsoft Teams as events chair; maintained student engagement via social media posts as social chair
